Take Care of Yours”

Open House January 7

Guardian Angels Personal Care is having a celebration to launch our home health agency in Eldorado! Come and share refreshments and network with others in the community.

Join us for a discussion on **“Understanding and Healing Grief and Loss,”** and learn how to support someone (including yourself) who has lost health, mobility, independence or a loved one. Ask our experts about services that are available in our community and benefits to help pay for those services.

Please let us know if you will be joining us by calling (505) 466-3500.
